**From:** Tom Tobin, Senior Director, Contracting & Trade  
**To:** AGO - High-Cost Prescription Drugs  
**Subject:** Impel NeuroPharma, Inc. - New Drug Notice  
**Date:** 9/16/2021

To Whom It May Concern:

I write to report the launch of our brand name prescription drug product.

The name of the product is TRUDHESA™. TRUDHESA™ is a brand name product. The NDC is 77530-0725-04.

TRUDHESA™ is a nasal spray and the strength is 1.45mg. The WAC price is \$850 as of our launch on September 17, 2021.

The information regarding the description of the marketing and pricing plans used in the launch of the new drug in the United States and internationally is considered proprietary.

We estimate that 67,000 prescriptions will be written at product peak per year across the United States. We do not have an estimate of the number of patients in Vermont. Our drug was not granted breakthrough therapy designation or priority review by the FDA prior to final approval.

If any other information is required, please let us know.

Regards,

Tom Tobin
